Brookline has set up information for parents and guardians of students with disabilities on their website. They are also still working to organize services for our children - we'll keep you posted as we get new information.

Here is the link to the PSB info as it exists now.

If you have any questions or need support, please email Faith and Linda, we are committed to helping in any way we can.

We are updating the links below daily - so please keep checking back and, if you need something, reach out.

We're all in this together.

Stay Healthy
Friendly reminder, document any regression you see in your child during this break as it will be good information to share with the team once we are back in school.
